SUPERVISOR'S REPORT.

The Maysville market sold for the last week 1,795,470 pounds at an average of \$11.74. The quality and condition of tobacco was much better than the previous week. We believe grade for grade it was the most satisfactory of any since the opening, there being strong competition on everything offered from the green to the highest types. The market cleaned up the block and sales open Monday as usual.

O. D. BURGOYNE

Death of This Well-Known Citizen at the Home of His Son Sunday Evening.

Mr. Otto D. Burgoyne, aged 85, died Sunday evening at 6 o'clock at the home of his son, Robert D. Burgoyne, on Jersey Ridge, after a brief illness of the infirmities incident to old age.

Mr. Burgoyne was born in this city on February 4, 1831, and has spent his entire life here. In early manhood he went to work as an apprentice in the blacksmith department of the Eagle Plow Works of this city, and became one of the best workmen of that institution, staying there until a few years ago, when he was compelled to give up work on account of his weakened condition from his age.

His wife passed away several years ago, since which time he has been making his home with his children.

He was one of this city's best-known and well-liked citizens, a friend to everyone and a more generous hearted old fellow could not be found, making him a favorite with all who knew him.

He is survived by three children, one daughter, Mrs. S. B. McChord of Stockton, Cal., and two sons, Robert D. of Jersey Ridge and Frank C. of this city, and one grandson, Ashby Burgoyne.

The funeral will occur from the residence of his son, Frank, on East Second street, at 2 o'clock Tuesday afternoon.

Interment in the Maysville cemetery.

BASEBALL SURE

Directors of Ohio State League Meet and Decide to Continue—Maysville to Continue.

The directors of the Ohio State League of Base Ball Clubs met in the White Hall Hotel Sunday afternoon and went over many matters pertaining to the welfare of the league.

Those present were Mr. Joe Carr of Columbus, Ohio, President of the League, Mr. William Gableman and Mr. William Yottman of Portsmouth, Mr. John De Arnold of Hamilton, Ohio, representing Huntington, W. Va., and Messrs. Thomas M. Russell and Claude Watkins of this city. Long distance messages were had from Lexington, Frankfort and Charleston, who appointed proxies and said they were in the league to stay.

During the meeting the question of reviving the old Blue Grass League came up, but no definite action on the subject, owing to the absence of three of the directors.

The matter of enlarging the Ohio State League and changing its name was also considered and was left over for further consideration until the next meeting, which will take place on March 5, probably at Frankfort.

President Joe Carr stated that the league was in splendid condition and the outlook for a successful base ball season was never better. He said the Ohio State now has a six-club league assured—Maysville, Portsmouth, Lexington, Frankfort, Charleston and Huntington, the latter being admitted as a member at yesterday's meeting.

The above clubs are enough to make the league a go, but several other towns are knocking for admission—Chillicothe, Ashland, Catlettsburg, Findlay and Lancaster. It is quite probable two of these teams will be admitted, thus making an eight-club league.

On the Kentucky side of the river there is a strong sentiment in favor of the old Blue Grass League being formed with Maysville, Frankfort, Winchester, Richmond, Lexington and Portsmouth composing the circuit.

This line-up appeals to the Kentucky members of the Ohio State, but they are not going to stand in the way of organized base ball this summer.

Outside of the above facts there was little business transacted, although the meeting lasted until 10 o'clock, when Messrs. Carr, Zottman and Gableman left for their respective homes on C. & O. train No. 4.

Mrs. Glascock was born in Herkimer county, N. Y., and in 1856 was married to Mr. D. A. Glascock, to which union nine children were born, eight of whom survive her.

Mrs. Glascock was one of the best known ladies of her section, having been connected with the M. E. She was truly a Christian lady in every sense of the word, and her loss will be keenly felt by her family, her church and the entire community in which she was so long a resident.

She is survived by eight children, as follows: Mrs. J. R. Davis of this county, Mr. D. P. Glascock of this city, Mr. Charles N. "TO THE VILE DUST."

VANHEIMERT had been in many duststorms, but never in such a storm so far from the haunts of men. Awaking in his blanket, with his mouth full of sand, he had opened his eyes to the blinding sting of a storm which already shrouded the very tree under which he lay. Other landmarks there were none. The world was swallowed in a yellow swirl that turned browner and more opaque even as Vanheiment shook himself out of his blanket and ran for the fence as for his life. He had only left it in order to camp where his tree had towered against the stars. It could not be a hundred yards away, and along the fence ran that beaten track to which the bushman turned instinctively in his panic. In a few seconds he was groping with outstretched hands to break the violence of a collision with invisible wires, in a few minutes, standing at a loss, wondering where the wires or he had got to and whether it would not be wise to retrace his steps and try again. And while he wondered a fit of coughing drove the dust from his mouth like smoke, and even as he coughed the thickening swirl obliterated his tracks as swiftly as heavy snow.

Speckled eyeballs stood out of a sand-faced Vanheiment saw himself adrift and drowning in the dust. He was a huge young fellow, and it was a great smooth face, from which the gapping mouth cut a slice from jaw to jaw.

Terror and rage and an overpowering passion of self pity convulsed the coarse features in turn; then with the grunt of a wounded beast, he rallied and plunged to his destruction, deeper and deeper into the bush, farther and farther from the fence.

The trees were few and mostly stunted, but Vanheiment crashed into more than one upon his headlong course.

The sense was choked out of him already. He was feeling on the wings of the storm, of direction he thought no more. He forgot that the run he had been traversing was at the best abandoned by man and beast. He forgot the "spell" that he had promised himself at the deserted homestead, where he had once worked as a lad.

He might have remembered that the paddock in which he was burying himself had always been the largest in the district. It was a ten mile block without subdividing fence or drop of water from end to end. The whole station was a howling desert, little likely to be stocked a second time by

The weather man certainly deserves all the good things that can be said about him.

He has been trying his level best to please everybody and in order to do it has been compelled to give us four hundred kinds of weather in as many minutes all this winter.

Saturday, with the mercury standing at 48, he opened up the rain barrel and slopped out a twelve-hour deluge, and at 10 o'clock Saturday night he turned off the rain barrel and sent us a few moments of sleet, and then, with old man Mercury on the down-go at a rapid rate and a splendid Northern zephyr trimming our whiskers, he shovied in a side line of "the beautiful," the flakes falling as large as dollars until, to be exact, 5½ inches had covered us up, and on Monday morning, just to show us that he was trying to please everybody and was not going to slighting anyone, he gave us a cooling out with 4 degrees below "Cairo," accompanied by a side line of frost and fog.

All praise to the weather man! And the grand hog!

POLICE COURT.

The Police Court room was full of spectators Saturday afternoon, drawn by the trial of Howard St. Clair, who waived examination. Judge Whitaker fixed his bail at \$500, which he was unable to furnish, and was sent back to jail.

John Darnall plead not guilty to selling intoxicating intoxicating liquor unlawfully. Three witnesses testified that they each bought one quart of "Black and Green" whiskey—Ripley, Ohio, whiskey—for \$1.50; the other two one pint each, same brand, at 75¢ per pint. After hearing all the evidence the Judge decided that Darnall was guilty and fined him \$100 and gave him a ten days' jail sentence. Darnall had not the coin of the realm so he was returned to the Hotel de Eitel, where it will take until about May 23 to serve out his fine.

VALUABLE VIOLIN

Well Known Violinist of Sardis Has An Instrument That Was Made In 1737.

W. H. King, a well known blacksmith and violinist of Sardis, very probably possesses the oldest and most valuable violin in this section of the state.

It is a fine toned instrument, and the late Prof. L. D. Wheeler, noted as one of the most accomplished musicians of the country, pronounced this violin one of the best he ever drew a bow across.

It is a nice looking instrument and has been in the possession of Mr. King quite a while.

It is doubtless of foreign manufacture, as the following words are inscribed on it: "Dominus Mantagna Subigna Gremanne Vendita," and the date "1737."

Mr. King prizes the instrument very highly and says it is the best he ever owned.

FREE TRANSPORTATION.

For the benefit of the flood sufferers at Hickman, Ky., caused by overflow of the Mississippi river, the Adams and Southern Express Companies have decided to give free transportation to gifts or money or clothes that might be sent to the unfortunate.

A letter containing such information was received by local Adams Express Agent Paxton from his company Friday. All packages must be addressed to the Chamber of Commerce, Hickman, Ky., and the weight must not exceed 500 pounds. This is a good opportunity to send help to the many people who were made homeless and almost destitute by the recent disastrous floods.

GOING SOME.

The following is clipped from one of the papers published at Paris, Ky. It is mighty fine reading for those interested:

"The official statement of City Collector and Treasurer C. K. Thomas of Paris, Ky., shows a most gratifying condition of the city treasury with no tax increase and without saloon revenue, the city showing a surplus of \$10,484.94. For the year 1915, with the saloons out and no revenue from that source, and with the same tax rate, there was a greater surplus by \$2,381.79 than in the year 1914, with the additional income from the saloon license.

A substantial prize has been won by a Belgian inventor in Italy for an artificial leather made of cotton, which is said to be as durable and elastic as the genuine article.

WHEN THE KIDNEYS FAIL

Maysville People Have Found That Ill Health Follows

Do you ever feel that you simply can't go any further—that you must have rest from that lame and aching back—relief from the constant, dead-tired feeling—freedom from those stabbing, darting pains? Likely your kidneys are worn and tired and need help. The kidneys work night and day, removing uric acid from the blood and other waste created by expenditure of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain generally tells. Doan's Kidney Pills have brought new strength to thousands of bad backs and quick relief to weakened kidneys, so users say. Let them do the same for you.

S. O. Duncan, blacksmith, Flemingsburg, Ky., says: "I had severe backaches and my kidneys were out of order, their action being irregular. Hearing about Doan's Kidney Pills, I gave them a trial and was soon convinced of their merit. They strengthened my kidneys and back."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Duncan had. Foster-Milburn Co., Props., Buffalo, N. Y.

LOSS OF LAMBS.

(Mt. Olivet Tribune-Democrat.)

The changing weather has had a bad effect on young lambs, resulting in the loss of quite a number of the early born. Several farmers have sustained losses of lambs as a result of the peculiar weather, among them W. H. Perry of Chapel neighborhood, who, we are informed, has had twelve to die; Sherman Manning of Ogdon neighborhood, three lambs and one ewe. We also hear that Wiley Buckner has lost several lambs. Ewes are lambing early this year and the outlook is favorable for a very profitable lamb crop.

Mont Kenton of Mt. Olivet, has fourteen white Leghorn hens and thirty pullets of the same strain. During January Mr. Kenton got twenty-nine dozen eggs. During several days past Mr. Kenton has gotten forty eggs a day from the forty-four hens and pullets.
